Experience

RadixTech   **October 2024 – Present**
Frontend Engineer   *Hyderabad, Pakistan*

- Developed and maintained responsive, high-performance user interfaces using React.js, Next.js, and Tailwind CSS, contributing to a **40% increase in user engagement** across key product modules.
- Collaborated closely with designers and backend engineers to implement **pixel-perfect UIs**, ensuring seamless user experiences across desktop and mobile platforms.
- Led the integration of animation libraries such as GSAP and Framer Motion to **enhance UI interactivity**, resulting in improved session times and lower bounce rates.
- Optimized frontend performance through **code-splitting, lazy loading, and custom hooks,** reducing initial load times by up to 35%.
- Worked with Git and GitHub for version control, and collaborated with UI/UX teams using Figma to translate design systems into **scalable components**.
- Contributed to the **creation of internal documentation** and UI guidelines to maintain consistency and improve onboarding for new developers.

Frototype Agency   **July 2024 – October 2024**
Frontend Developer   *Hyderabad, Pakistan*

- Developed and **maintained reusable UI components**, ensuring consistency across projects and accelerating development cycles.
- Optimized **web performance** through efficient state management, lazy loading, and SEO-friendly Next.js implementations.
- Collaborated with cross-functional teams, including designers and backend developers, to deliver **high-quality websites and dashboards.**
- Participated in **client meetings** and sprint reviews to gather feedback and rapidly iterate on UI changes.

CreativeCycle   **October 2023 – October 2024**
Frontend Developer   *Hyderabad, Pakistan*

- Joined as a junior frontend developer and quickly became proficient in Html, Css, Js and modern **web development workflows**.
- Assisted in building **responsive UI components** from Figma designs, ensuring clean layout implementation and design accuracy.
- Took ownership of small features and **bug fixes across multiple project**s, improving development speed and product stability.

Projects

NuStudio: Dashboard │ *React.js, Tailwind CSS, ShadCN UI, React Flow*   **September 2024 - October 2024**

- Developed a modern, responsive admin dashboard for NuStudio, enabling real-time data visualization, user management, and content control to streamline internal workflows and analytics.
- Implemented reusable UI components using ShadCN UI and Tailwind CSS, improving development efficiency and maintaining design consistency across the platform.
