Summary

Frontend Engineer with 2+ years of agency experience building responsive and production-ready web interfaces. Skilled in React.js, Next.js and modern frontend development, with a focus on clean UI, performance, and usability.

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js, Tailwind CSS

Animation & Interaction: GSAP, Framer Motion

Tools & Platforms: Git, GitHub, Figma, Adobe Photoshop

Experience

CreativePixels

August 2025 – Present

Frontend Engineer

Karachi, Pakistan

- Built custom, responsive sections for the agency website based on design and project requirements
- Integrated dynamic content using a headless CMS to make content updates easier for the internal team
- Worked closely with designers to turn UI concepts into clean, production-ready web pages
- Collaborated with SEO and PPC team members to improve landing pages and support marketing goals

RadixTech

October 2024 – August 2025

Frontend Engineer

Hyderabad, Pakistan

- Built responsive dashboards, landing pages, and business websites using React and utility-first CSS
- Used modern UI libraries such as shadcn/ui and Headless UI to create scalable and reusable components
- Added smooth and purposeful animations with GSAP and Framer Motion to enhance user experience
- Collaborated with designers to convert Figma designs into pixel-perfect, responsive interfaces
- Improved frontend performance through code-splitting, lazy loading, and clean component structure

Prototype

July 2024 – October 2024

Frontend Engineer

Hyderabad, Pakistan

- Developed custom business websites and landing pages using React and Tailwind CSS
- Applied SEO and responsive design best practices to improve usability and search visibility
- Participated in client discussions to understand requirements and iterate quickly on feedback
- Delivered mobile-first interfaces with a focus on clean UI, performance, and maintainable code

Projects

CreativePixels – Website | Next.js, Tailwind CSS, Headless CMS

- Built responsive and reusable frontend sections for the agency website
- Integrated headless CMS content to simplify internal content management
- Improved landing page structure in collaboration with SEO and PPC teams

Nettax – Website | React.js, Tailwind CSS, Headless CMS

- Designed and developed a responsive website for Nettare using React.js
- Integrated headless CMS to display blog content dynamically and simplify content management
- Delivered the project from UI design and frontend development to final deployment

Education

Aptech Education

Aug 2022 – November 2025

Advance Diploma in Software Engineering

Hyderabad, Pakistan
